Barbara Anderson

April 6, 2018

Dear Governor Baker;

April 8th will mark the second year since Barbara passed away.

As I reminded you last year at this time, her dying wish, published posthumously in her final Salem News column (a copy enclosed) was that Gerald Amirault would soon be released from parole and that he would at last be free of his ankle bracelet and other restrictions.

Yet another year has gone by with no progress, no movement, no change, no news – not even a response since I wrote to you last year. Barbara was one of your earliest and strongest advocates. She put a lot of faith and confidence in you, Charlie, so I am pursuing this with you as she requested. So far I have kept all the promises I made to her before she left us.

We at CLT and our members have not forgotten Barbara, nor have the legion of taxpayers whom her ceaseless efforts benefitted during her three-plus decades of selfless advocacy on their behalf.

I hope you haven't either, nor your promise.

For Barbara

With best regards,

Chip Ford

Executive Director
